Montage is a popular Main Street destination, offering fine dining and an upscale ambiance since 1999. We're known for gourmet entrées, an award-winning wine list and excellent service. Located in the heart of the historic Cedar Falls Downtown District, Montage features exposed brick walls, original artwork and candlelight.

The building is two stories (no elevator). Room 1 is on the main level and features a separate exterior door and candle wall. Room 2 is upstairs, overlooking Main Street. Room 3 is upstairs and works well for small groups. Room 4 is upstairs and offers the most privacy. All rooms provide internet access. Rooms 2-4 are connected by sets of glass French doors.

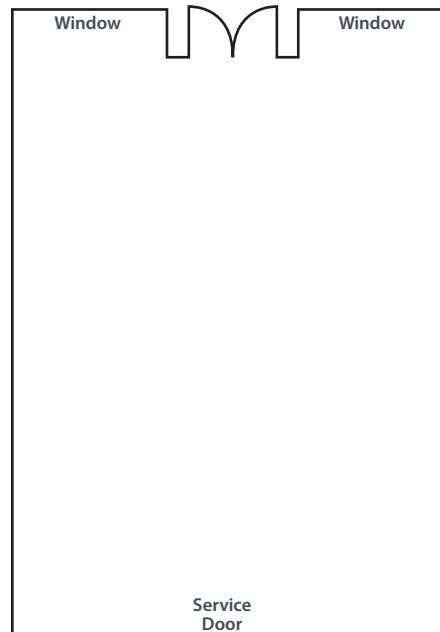

The party menu includes an option for all lifestyles and may be viewed on the website.

There are several options for parking including a parking lot directly behind with 29 spaces. There is additional on-street parking throughout the downtown district as well as three additional parking lots within one block.
